PHOENIX
CAMPUS

A REAL-WORLD EXPERIENCE

We've been serving Phoenix and the surrounding communities at this location since 1981, making us one of the longest-standing campuses out of all of Arizona's Carrington College® locations. But we haven't been sitting still. Instead, we have continually updated our facilities to keep pace with the quickly changing world of technology. We recently completed the renovation of our dental classroom and dental lab and they include equipment that may rival those found in real dental offices.

What's more, we pride ourselves on a friendly atmosphere, shared among the students, the faculty and the public we serve. It's a great place to learn and a great place to prepare yourself for the future. If you're in the area, please stop by and see why we are so enthusiastic about our campus.

A Location Within Reach

We are located right off I-17, on 27th Avenue between Northern and Dunlap avenues. This makes it easy to reach us from anywhere in the Phoenix area. We're also about a mile south of the Metrocenter Mall, in case you need a break between classes. Our three buildings offer about 35,000 square feet of learning space.

Become Something Great. Start at Carrington College

When it comes to some disciplines, sitting at a desk listening to lectures simply isn't enough. That's where we come in. Our Carrington College Phoenix, AZ campus reflects this in every way. We offer hands-on learning tools that pick up where the books leave off, giving you real-world experience you can't find in front of a chalkboard. These include:

- A computer lab with dozens of available stations
- A Dental Assisting lab so realistic you could mistake it for the real thing
