# ASPIRE TO BE SOMETHING GREAT

## Classroom Learning is Crucial to Any Education; There's No Disputing That.

But when it comes to some disciplines, sitting at a desk listening to lectures simply isn't enough. That's where we come in. Our Carrington College® San Jose campus reflects this in every way. We offer hands-on learning tools that pick up where the books leave off, giving you real-world experience you can't find in front of a chalkboard.

## Learning Made Fun

Our classrooms and labs provide high quality technology and equipment. This includes simulation labs for Medical Assisting and Veterinary Technology and a Dental Hygiene clinic open to the public.

In addition to such a rich offering of program choices, we also have a dedicated group of instructors who are professionals in their fields that can do more than just teach you in the classroom. They can become mentors, helping you navigate your career path. We work as a team, with everyone striving toward your success.

## In-Demand Careers Are Waiting for You

As you can see, we offer modern facilities and equipment to help provide you an advantage when it comes to transitioning into the workforce when you have successfully completed your studies. In our Dental Hygiene clinic, for instance, you won't just be practicing. You'll be working with real patients, offering real solutions. That's the kind of thing that helps us offer the training you'll need to feel confident when you enter your profession.

What's more, we pride ourselves on a friendly atmosphere, shared among the students, the faculty and the public we serve. It's a great place to learn, and a great place to prepare for the future. If you're in the area, please stop by and see why we are so enthusiastic about our campus.
