ASPIRE TO BE SOMETHING GREAT

Classroom Learning is Crucial to Any Education; There’s No Disputing That.

But when it comes to some disciplines, sitting at a desk listening to lectures simply isn't enough. That’s where we come in. Our Carrington College® Pleasant Hill campus reflects this in every way. We offer hands-on learning tools that pick up where the books leave off, giving you real-world experience you can't find in front of a chalkboard.

Learning Made Fun

Our classrooms and labs provide high quality technology and equipment. This includes our Respiratory Care simulation lab, Veterinary Technology lab with a surgery suite, Medical Assisting lab and a Massage Therapy clinic.

In addition to such a rich offering of program choices, we also have a dedicated group of instructors who are professionals in their fields that can do more than just teach you in the classroom. They can become mentors, helping you navigate your career path. We work as a team, with everyone striving toward your success.

In-Demand Careers Are Waiting for You

As you can see, we offer modern facilities and equipment to help provide you an advantage when it comes to transitioning into the workforce after you have successfully completed your studies.

What's more, we pride ourselves on a friendly atmosphere, shared among the students, the faculty and the public we serve. It's a great place to learn and a great place to prepare for the future. If you're in the area, please stop by and see why we are so enthusiastic about our campus.

We're located in five buildings, with 13,000 square feet of learning space. Plus, there are many ways to get to our campus with BART and highway transportation nearby.
