ASPIRE TO BE SOMETHING GREAT

Classroom Learning is Crucial to Any Education; There’s No Disputing That.

But when it comes to some disciplines, sitting at a desk listening to lectures simply isn’t enough. That’s where we come in. Our Carrington College® Phoenix Westside campus reflects this in every way. We offer hands-on learning tools that pick up where the books leave off, giving you real-world experience you can’t find in front of a chalkboard.

Learning Made Fun

Our classrooms and labs provide high quality technology and equipment. This includes simulation labs that use realistic, computerized mannequins, enabling you to practice what you learn in a safe environment that’s as close to real life as possible.

In addition to our program offerings, we also have a dedicated group of instructors who are professionals in their fields that can do more than just teach you in the classroom. They can become mentors, helping you navigate your career path. We work as a team, with everyone working toward your success.

Begin Your Journey to Success With Us

We’ve served the Phoenix area since 1976, and as you can see we have worked to offer you modern facilities and equipment. In our 20,000 square feet of learning space, we help provide you an advantage when it comes to transitioning into the workforce after you have successfully completed your studies.

What’s more, we pride ourselves on a friendly atmosphere, shared among the students, the faculty and the public we serve. It’s a great place to learn and a great place to prepare for your future. If you’re in the area, please stop by and see why we are so enthusiastic about our campus.

We’re easy to find, on the southwest corner of 27th Avenue and Bethany Home Road. We’re also easy to get to, located less than a mile from I-17.
