## ABOUT THE CAMPUS

The Victor Valley (Hesperia) campus is housed in a two-story building in the High Desert community of Victor Valley. With approximately 15,000 square feet, this campus serves students from Hesperia, Adelanto, Victorville, and Apple Valley. The primary entrance on the main floor leads to a reception area, along with administrative offices for staff, administrative support, student services, and a student library. Medical Assisting and Pharmacy Technology students have access to dedicated skills labs on the main floor tailored to their programs. The second floor features lecture halls and computer access for all programs, including lecture space for students in the Medical Office Administration program, and skills labs specifically designed for the Pharmacy Technology, Medical Assisting, and Dental Assisting programs. Additionally, the second floor includes more administrative offices and a student lounge.

Classrooms are designed to replicate the professional settings students will encounter in their chosen careers, such as hospital rooms, doctors' offices, and pharmacies. Each program is fully equipped with the essential tools and supplies to foster an interactive and engaging learning experience. For example, Medical Assisting students at the Hesperia campus have access to equipment like an Autoclave, EKG machine, and Injection Arm Trainer. Dental Assisting students practice taking x-rays using a digital imaging system, and Pharmacy Technology students work with the necessary equipment to simulate reviewing and filling prescriptions, including computers, registers, sinks, and shelves stocked with empty prescription bottles.

## BEYOND AN EDUCATION

Career services are available to all active students and graduates without charge. Success in securing employment depends on the graduate's efforts and motivation, as well as on educational performance\*. Carrington works with every student on job-search strategies, job-market orientation, resume writing and interviewing techniques.
