The Accreditation Commission for Education in Nursing (ACEN) requires that the following student achievement outcome data for our accredited and candidate nursing programs be made publicly available:

- Graduates’ success on the licensure exam and/or certification examination
- Students’ completion of the nursing program
- Graduate obtaining a job

Below is information for Carrington College’s ACEN-accredited and candidate nursing programs.

*The denominator of the rate was defined as all students who graduated within the stated timeframe. The numerator of the rate was defined as all students in the denominator who were employed in nursing within 6-12 months after graduation. Students who returned to formal education were excluded from the calculation. The employment rate was calculated by dividing the numerator by the denominator.

**The denominator of the rate was defined as all students who graduated within the stated timeframe. The numerator of the rate was defined as all students in the denominator who were employed in nursing within 6-9 months after graduation and includes those who returned to formal education. The employment rate was calculated by dividing the numerator by the denominator.

***The denominator of the rate was defined as all students who graduated within the stated timeframe. The numerator of the rate was defined as all students in the denominator who were employed in nursing as of when the data was prepared for the annual report. The employment rate was calculated by dividing the numerator by the denominator.
