## CAMPUS WATCH

### **It's your campus - Protect it!**

A truly safe campus can only be achieved through the cooperation of students, faculty and staff. As a member of the Carrington College community, it is your responsibility to report a crime, suspicious activity or other emergencies on campus to the appropriate school official. Should you become a witness to or victim of a crime, immediately report the incident to local law enforcement officials, the student services office, or to the Executive Campus Director. All crimes will be investigated and when appropriate, brought to the attention of the Student Services office for disciplinary hearings.

### **Purpose of the Annual Disclosure Report**

Carrington College prepares this report to comply with the *Jeanne Clery Disclosure of Campus Security and Crime Statistics Act*. The full text of this document can also be found on the <http://carrington.edu/student-consumer-info/> or by visiting your local enrollment services office. This report was prepared with the assistance of local law enforcement agencies. Campus crime, arrest and referral statistics include those that were reported to local law enforcement and campus faculty and staff. This data may also include crimes that have occurred in private residences or businesses adjacent to the campus.

## REPORTING CRIMES AND EMERGENCIES

When making your report of an incident you will be asked to provide the following information:

1. Description of the incident
2. Date, time and location of the incident
3. Description of the persons or vehicles involved in the incident
4. Detail regarding who was notified about the incident

Upon receipt of this report Carrington College will determine the appropriate response, which could include disciplinary action against the offender(s), notification to local law enforcement, notification to the campus community or other public safety alternatives deemed appropriate given the circumstances. Please note that your identity may not be confidential when reporting an incident. Carrington College does not have procedures for voluntary, confidential reporting of crimes.

Once each semester, Carrington College will contact the Stockton police departments and property management to monitor and record crimes that occur within the designated area surrounding the campus that have been reported to the local Police.

All Emergencies –Dial 911

## ANNUAL SECURITY REPORT

Carrington College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the SIREN notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The Executive Campus Director will determine if there is a significant emergency or dangerous situation and what segment of the campus community will need to receive a notification.

Carrington College will:

- Test emergency response and evacuation procedures on an annual basis
- Document each test, including the date, time, and whether it was announced or unannounced
- Publicize emergency response and evacuation procedures in conjunction with at least one test per calendar year

## **SIREN EMERGENCY ALERT SYSTEM**

In the event of an emergency or a potentially dangerous threat to the campus or center arises, you will receive timely notification via the SIREN system, on campus flyers, and/or email announcements. Please make sure to keep your contact information updated in SIREN through the student portal at <http://my.carrington.edu>.

## **CAMPUS ACCESS, FACILITY SECURITY AND LAW ENFORCEMENT**

### **Carrington College Stockton Campus**

The Facilities department maintains the building and grounds with a concern for safety and security. Facilities staff inspect the facility regularly, promptly make repairs affecting safety and security hazards, and respond to reports of potential safety and security hazards such as broken windows, locks, etc. Students and staff can assist the Facilities staff by calling (209) 956-1240 to report concerns. Additionally, the Facilities Manager routinely inspects the grounds and building to review lighting and other environmental concerns for safety.

There are fire alarms and pull stations throughout the facility that should be used only in the event of an emergency. If an emergency requires evacuation, there are signs clearly posted throughout the building indicating the best routes for evacuation.

The building is generally open from 7:00 a.m. to 10:30 p.m. Monday through Thursday and 8:00 a.m. to 5:00 p.m. on Friday. When the building is closed, it is locked and monitored by a security company.

Access to classrooms and laboratories is limited to those enrolled in the courses meeting there. Access to on- and off-campus activities is limited to actively enrolled students and their guests. Students are responsible for the behavior of their guests at all times at campus-arranged events. Carrington College reserves the right to require that student identification cards be presented for admittance to certain locations and events. Carrington College may also require students to register their guests with Student Services prior to attendance. Student and staff identification cards should be worn at all times.

The on-duty facilities representative serves as an escort and on-campus facilities Monday through Friday from 7:00 p.m. to 11:00 p.m. The facilities representative must be called to respond to emergencies and can be contacted at (209) 956-1240. The facilities representative has the authority to ask questions and request identification at any time. Criminal incidents will be referred to local law enforcement.

All crime victims and witnesses are strongly encouraged to report incidents to both campus security and local police. Prompt reporting will ensure timely warning notices to the campus community and timely disclosure of crime statistics.

Students living in off-campus student housing facilities should check with the apartment landlord for specific safety and security measures at their complex. Although most complexes provide keys for individuals and restrict access to apartments, the level of additional security varies from complex to complex. Crimes committed at off-campus housing should be immediately reported to the Police department with jurisdiction over the complex and as soon as reasonably possible to the Student Services department.

The campus security department maintains a policy concerning the monitoring and recording, through local police departments, of criminal activity in which students engaged at off-campus locations of student organizations officially recognized by the institution, including student organizations with off-campus housing facilities.

### **Carrington College – Stockton Campus**

The center is located in a public office building. This building has its own security and maintenance staff that must adhere to strict regulations of various city ordinances and routine inspections (i.e., Fire Department). The Center

lists the hours it is accessible on the student bulletin board. Admittance to the Center during off hours must be arranged with the Executive Campus Director in conjunction with the building manager. Access to classroom facilities and computer laboratories is limited to those enrolled in courses.

**CAMPUS SEX CRIMES PREVENTION ACT**

The Campus Sex Crimes Prevention Act requires sex offenders already required to register in a State to provide notice, as required under State law, to each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. The act requires that state procedures ensure this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of

higher education are located and that it is entered into appropriate state records or data systems. These changes became effective two years after enactment of the law (2002).

This act amends the Higher Education Act of 1965 to require institutions of higher education to issue a statement, in addition to other disclosures required under that Act, advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. This change takes effect two years after enactment (2002).

This act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders; requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

Illinois and California require an institution that contracts with a school district to provide educational services to K-12 students to collect fingerprints of any colleagues who will have regular contact with the K-12 students. This process is maintained by Human Resources.

To check registered sex offenders in a state see the State Sexual Offender Registry List section.

Federal law penalizes the unlawful manufacturing, distribution, use, sale, and possession of controlled substances. Penalties may include forfeiture of property, including vehicles used to possess, transport, or conceal a controlled substance; the denial of professional licenses or Federal benefits, such as student loans, grants, and contracts; successful completion of a drug treatment program; community service; and ineligibility to receive or purchase a firearm. Federal law holds that any person who distributes, possesses with intent to distribute, or manufactures a controlled substance on or within one thousand feet of an educational facility is subject to a doubling of the applicable maximum punishments and fines. ### **STUDENT RIGHTS UNDER FERPA**

*(The Family Educational Rights and Privacy Act)*

Carrington College respects the rights and privacy of its students and acknowledge the responsibility to maintain confidentiality of personally identifiable information.

FERPA is a federal law that affords students the following rights with respect to their education records:

1. **THE RIGHT TO INSPECT AND REVIEW THE STUDENT'S EDUCATION RECORDS**

Students have the right to review their education records within 45 days of the day the institution receives their request. Students should submit to the registrar, dean, or head of the academic department written requests that identify the record(s) they wish to inspect. The institution official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the official to whom the request is submitted does not maintain the records, that official will advise the student of the correct official to whom the request should be addressed.

2. **THE RIGHT TO SEEK AN AMENDMENT OF INACCURATE OR MISLEADING INFORMATION**

Students may ask the institution to amend a record that they believe is inaccurate or misleading. They should write to the official responsible for the record, clearly identify the part of the record they believe should be changed and specify why it is inaccurate or misleading. If the institution decides not to amend the record as requested by the student, the student will be notified of the decision and advised of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when they are notified of the right to a hearing. Following the hearing, if the institution still decides not to amend the record, the student has a right to place a clarifying statement in the record. The institution is not required to consider requests for amendment to grades or disciplinary decisions.

3. **THE RIGHT TO LIMIT DISCLOSURE OF PERSONALLY IDENTIFIABLE INFORMATION**

Students have the right to consent to disclosure of personally identifiable information contained in their educational records, except to the extent that FERPA authorizes disclosure without consent. An exception that permits disclosure without consent is disclosure to school officials who have legitimate educational interests, and the disclosure of directory information. Directory information is not considered to be harmful or an invasion of privacy if disclosed. See additional information on next page.

4. **THE RIGHT TO FILE A COMPLAINT WITH THE U.S. DEPARTMENT OF EDUCATION IF THE INSTITUTION FAILS TO COMPLY WITH FERPA REQUIREMENTS**

Complaints should be directed to:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-4605

### **DIRECTORY INFORMATION**

The Family Educational Rights and Privacy Act (FERPA) designates certain student information as "Directory Information" and gives the institution the right to disclose such information without having to ask students' permission. The items listed below as "Directory Information" may be released for any purpose at the discretion of

the institution. Under the provisions of FERPA, students have the right to withhold the disclosure of any or all of the categories of information listed below. **The following information will be released unless students specifically request that their information be withheld:**

- **Directory Information:** Name, address, telephone number, email address, date and place of birth, dates of attendance, previous institution(s) attended, major field of study (program), enrollment status, degrees and awards, past and present participation in officially recognized activities.
- **Career Services:** Students approaching graduation and working with career services staff on career planning, job interviewing and resume preparation authorize release of the following records for a period of fifteen months after graduation: the resume, identifying data, academic work completed, immigration status (if applicable), and authorize career services to verify information graduates provide regarding their employment. At no time is compensation information released or published.

#### To Withhold Information

To have directory or career services information withheld, students must submit a written request to the Registrar. Once filed, this request becomes a permanent part of the student's record and no information may be released until the student instructs the institution otherwise.
