CAMPUS WATCH

It's your campus - Protect it!
A truly safe campus can only be achieved through the cooperation of students, faculty and staff. As a member of the Carrington College community, it is your responsibility to report a crime, suspicious activity or other emergencies on campus to the appropriate school official. Should you become a witness to or victim of a crime, immediately report the incident to local law enforcement officials, the Student Services office, or to the Executive Director. All crimes will be investigated and when appropriate, brought to the attention of the Student Services office for disciplinary hearings.

Purpose of the Annual Disclosure Report
Carrington College prepares this report to comply with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act. The full text of this document can also be found on the http://carrington.edu/student-consumer-info/ or by visiting your local campus administrative office. This report was prepared with the assistance of local law enforcement agencies. Campus crime, arrest and referral statistics include those that were reported to local law enforcement and campus faculty and staff. This data may also include crimes that have occurred in private residences or businesses adjacent to the campus.

REPORTING CRIMES AND EMERGENCIES

When making your report of an incident you will be asked to provide the following information:
1. Description of the incident
2. Date, time and location of the incident
3. Description of the persons or vehicles involved in the incident
4. Detail regarding who was notified about the incident

Upon receipt of this report Carrington College will determine the appropriate response, which could include disciplinary action against the offender(s), notification to local law enforcement, notification to the campus community or other public safety alternatives deemed appropriate given the circumstances. Please note that your identity may not be confidential when reporting an incident. Carrington College does not have procedures for voluntary, confidential reporting of crimes.

Once each semester, Carrington College will contact the Reno police departments and property management to monitor and record crimes that occur within the designated area surrounding the campus that have been reported to the local Police.

All Emergencies –Dial 911

ANNUAL SECURITY REPORT

Carrington College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the SIREN notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The Executive Director will determine if there is a significant emergency or dangerous situation and what segment of the campus community will need to receive a notification.

Carrington College will:
- Test emergency response and evacuation procedures on an annual basis
- Document each test, including the date, time, and whether it was announced or unannounced
- Publicize emergency response and evacuation procedures in conjunction with at least one test per calendar year
SIREN EMERGENCY ALERT SYSTEM

In the event of an emergency or a potentially dangerous threat to the campus or center arises, students, faculty and staff will receive timely notification via the SIREN system, on campus flyers, and/or email announcements. This includes any Clery Act crimes that are reported to the campus IC or local police and are considered to represent a serious or continuing threat to students, faculty, and staff. Please make sure to keep contact information updated in SIREN through the student portal at my.carrington.edu for students and the DVG Commons at https://adfsapps.devry.edu/adfs/ls/?wa=wsignin1.0&wtrealm=https://cas.devry.edu:443/cas&App=thedevrycommons.com for faculty and staff.

CAMPUS ACCESS, FACILITY SECURITY AND LAW ENFORCEMENT

Reno Campus

The Facilities department maintains the building and grounds with a concern for safety and security. Facilities staff inspect the facility regularly, promptly make repairs affecting safety and security hazards, and respond to reports of potential safety and security hazards such as broken windows, locks, etc. Students, faculty and staff can assist the Facilities staff by calling 775-335-2900 to report concerns. Additionally, the Facilities Manager routinely inspects the grounds and building to review lighting and other environmental concerns for safety.

There are fire alarms and pull stations throughout the facility that should be used only in the event of an emergency. If an emergency requires evacuation, there are signs clearly posted throughout the building indicating the best routes for evacuation.

The building is generally open from 7:30am-10pm M-TH, 8am-5pm Friday and 9am-2pm on Saturday. When the building is closed, it is locked and monitored by a security company. Access to classrooms and laboratories is limited to those enrolled in the courses meeting there. Access to on- and off-campus activities is limited to actively enrolled students and their guests. Students are responsible for the behavior of their guests at all times at campus-arranged events. Carrington College reserves the right to require that Carrington College identification cards be presented for admittance to certain locations and events. Carrington College may also require students to register their guests with Student Services prior to attendance. Student, faculty and staff identification cards should be worn at all times.

The on duty security officer serves as an escort and on-campus security Monday through Thursday 6:30pm-10pm. The security officer must be called to respond to emergencies and can be contacted at 775-335-2900. The security officer has the authority to ask questions and request identification at any time. Criminal incidents will be referred to local law enforcement.

All crime victims and witnesses are strongly encouraged to report incidents to both campus security and local police. Prompt reporting will ensure timely warning notices to the campus community and timely disclosure of crime statistics.

Students living in off-campus student housing facilities should check with the apartment landlord for specific safety and security measures at their complex. Although most complexes provide keys for individuals and restrict access to apartments, the level of additional security varies from complex to complex. Crimes committed at off-campus housing should be immediately reported to the Police department with jurisdiction over the complex and as soon as reasonably possible to the Student Services office.

The campus security department maintains a policy concerning the monitoring and recording, through local police departments, of criminal activity in which students engaged at off-campus locations of student organizations officially recognized by the institution, including student organizations with off-campus housing facilities.
**Reno Campus**
The Reno Campus is located in a public office building. This building has its own security and maintenance staff that must adhere to strict regulations of various city ordinances and routine inspections (i.e., Fire Department). The Campus lists the hours it is accessible on the student bulletin board. Admittance to the Campus during off hours must be arranged with the Executive Director in conjunction with the building manager. Access to classroom facilities and computer laboratories is limited to those enrolled in courses. As a further safeguard, these areas are accessible only through doors with door locks that require keys.

CAMPUS SEX CRIMES PREVENTION ACT

The Campus Sex Crimes Prevention Act requires sex offenders already required to register in a State to provide notice, as required under State law, to each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. The act requires that state procedures ensure this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate state records or data systems. These changes became effective two years after enactment of the law (2002).

This act amends the Higher Education Act of 1965 to require institutions of higher education to issue a statement, in addition to other disclosures required under that Act, advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. This change takes effect two years after enactment (2002).

This act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders; requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

A person who opens or maintains any place for the purpose of unlawfully selling, giving away or using any controlled substance is guilty of a category B felony and shall be punished by imprisonment in the state prison for a minimum term of not less than 1 year and a maximum term of not more than 6 years, and may be further punished by a fine of not more than $10,000, except as otherwise provided in subsection 2.

2. If a person convicted of violating this section has previously been convicted of violating this section, or if, in the case of a first conviction of violating this section, he has been convicted of an offense under the laws of the United States or any state, territory or district which, if committed in this State, would amount to a felony under this section, he is guilty of a category B felony and shall be punished by imprisonment in the state prison for a minimum term of not less than 2 years and a maximum term of not more than 10 years, and may be further punished by a fine of not more than $20,000. The court shall not grant probation to or suspend the sentence of a person convicted of violating this section if he has been previously convicted under this section or of any other offense described in this subsection.

3. This section does not apply to any rehabilitation clinic established or licensed by the Health Division of the Department.

**ALCOHOL**

Under Nevada state law, alcoholic beverages may not be served or sold to any person under the age of 21. It is illegal for persons under age 21 to possess alcoholic beverages with intent to consume them, and for anyone to falsify or misrepresent his or her age or another person's age to obtain alcohol. It is also illegal in most circumstances to obtain or give alcohol to a person under age 21. The penalty is a fine of $500 for the first offense and up to $1,000 for repeat offenses.

2. Alcoholic beverages may not be served or sold to any person who is intoxicated. According to the Alcoholic Beverage Control (ABC) Board, "Any person who has drunk enough alcoholic beverages to so affect his/her manner, disposition, speech, muscular movements, general appearance or behavior so as to be apparent to observation shall be deemed to be intoxicated."

3. State law prohibits drinking in public (e.g., on the street, in parking lots); possession of an alcoholic beverage by a person under the legal drinking age; falsely representing one's age for the purpose of procuring alcohol; and purchasing an alcoholic beverage for a person who is under the legal drinking age.

4. State Ordinances forbid possession of open alcoholic beverage containers in public parks and playgrounds. It is also unlawful for any person to be drunk or profanely to curse or swear in any public place in the county.

5. Federal and state laws prohibit the possession, use, sale and manufacture of illegal drugs.

**DRUGS**

In addition to the Federal laws, the State of NEVADA has its own laws dealing with controlled substances.

A minimum of five years imprisonment is the penalty for a first offense of manufacture, distribution, dispensing or possession with intent to distribute 50 pounds or more of marijuana; 448 grams or more of
cocaine or cocaine mixture; 50 grams or more of cocaine base; 28 grams or more of morphine or opium
mixture; 1000 dosage units of LSD or mixture; 448 grams or more of methamphetamine or mixture; or 448
grams or more of phencyclidine in liquid form. For a second offense, the authorized penalty is doubled. If the
offender is convicted as a "drug kingpin," even the first offense can carry a fine of up to $1,000,000 and 20-
40 years imprisonment without parole.
The penalty for a first offense of trafficking in PCP, LSD, or other Schedule I and II narcotics is a fine of up to
$25,000 ($20,000 in case of PCP and LSD) and/or imprisonment of up to twenty years. For a second offense,
the minimum prison term is ten years. Trafficking in other Schedule I-IV controlled substances is punishable
by a fine of up to $15,000 and prison term up to five years (both are doubled for a second offense).

**FEDERAL**
Federal law holds that any person, who distributes, possesses with intent to distribute, or manufactures a controlled
substance in, or within one thousand feet of an educational facility, is subject to a doubling of the applicable
maximum punishments and fines. A similar state law carries sanctions of up to five years of imprisonment and up
to $100,000 fine for similar violations.

Federal law penalizes the unlawful manufacturing, distribution, use, sale, and possession of controlled substances.
The penalties vary based on many factors, including the type and amount of the drug involved, and whether there is
intent to distribute. Federal law sets penalties for first offenses ranging from less than one year to life imprisonment
and/or fines up to $10 million. Penalties may include forfeiture of property, including vehicles used to possess,
transport, or conceal a controlled substance; the denial of professional licenses or Federal benefits, such as student
loans, grants, and contracts; successful completion of a drug treatment program; community service; and
ineligibility to receive or purchase a firearm. Federal law holds that any person who distributes, possesses with
intent to distribute, or manufactures a controlled substance on or within one thousand feet of an educational facility
is subject to a doubling of the applicable maximum punishments and fines. See the Federal Controlled Substances
Act at 21 USC 800.

**STUDENT RIGHTS UNDER FERPA**

*(The Family Educational Rights and Privacy Act)*

Carrington College respects the rights and privacy of its students and acknowledge the responsibility to maintain confidentiality of personally identifiable information.

FERPA is a federal law that affords students the following rights with respect to their education records:

1. **The Right to Inspect and Review the Student’s Education Records**
   Students have the right to review their education records within 45 days of the day the institution receives their request. Students should submit to the registrar, dean, or head of the academic department written requests that identify the record(s) they wish to inspect. The institution official will make arrangements for access and notify the
student of the time and place where the records may be inspected. If the official to whom the request is submitted does not maintain the records, that official will advise the student of the correct official to whom the request should be addressed.

2. THE RIGHT TO SEEK AN AMENDMENT OF INACCURATE OR MISLEADING INFORMATION
Students may ask the institution to amend a record that they believe is inaccurate or misleading. They should write to the official responsible for the record, clearly identify the part of the record they believe should be changed and specify why it is inaccurate or misleading. If the institution decides not to amend the record as requested by the student, the student will be notified of the decision and advised of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when they are notified of the right to a hearing. Following the hearing, if the institution still decides not to amend the record, the student has a right to place a clarifying statement in the record. The institution is not required to consider requests for amendment to grades or disciplinary decisions.

3. THE RIGHT TO LIMIT DISCLOSURE OF PERSONALLY IDENTIFIABLE INFORMATION
Students have the right to consent to disclosure of personally identifiable information contained in their educational records, except to the extent that FERPA authorizes disclosure without consent. An exception that permits disclosure without consent is disclosure to school officials who have legitimate educational interests, and the disclosure of directory information. Directory information is not considered to be harmful or an invasion of privacy if disclosed. See additional information on next page.

4. THE RIGHT TO FILE A COMPLAINT WITH THE U.S. DEPARTMENT OF EDUCATION IF THE INSTITUTION FAILS TO COMPLY WITH FERPA REQUIREMENTS
Complaints should be directed to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

DIRECTORY INFORMATION
The Family Educational Rights and Privacy Act (FERPA) designates certain student information as “Directory Information” and gives the institution the right to disclose such information without having to ask students’ permission. The items listed below as “Directory Information” may be released for any purpose at the discretion of the institution. Under the provisions of FERPA, students have the right to withhold the disclosure of any or all of the categories of information listed below. The following information will be released unless students specifically request that their information be withheld:

- Directory Information: Name, address, telephone number, email address, date and place of birth, dates of attendance, previous institution(s) attended, major field of study (program), enrollment status, degrees and awards, past and present participation in officially recognized activities.

- Career Services: Students approaching graduation and working with career services staff on career planning, job interviewing and resume preparation authorize release of the following records for a period of fifteen months after graduation: the resume, identifying data, academic work completed, immigration status (if applicable), and authorize career services to verify information graduates provide regarding their employment. At no time is compensation information released or published.

To Withhold Information
To have directory or career services information withheld, students must submit a written request to the Registrar. Once filed, this request becomes a permanent part of the student’s record and no information may be released until the student instructs the institution otherwise.
**VOTER REGISTRATION**

As a participant in Title IV Federal Student Financial Aid programs, Carrington College would like to remind students who are U.S. citizens of the importance of registering to vote.

If you are interested in participating in local, state, or national elections, please visit the Election Assistance Commission website at [www.eac.gov/voter_resources/register_to_vote.aspx](http://www.eac.gov/voter_resources/register_to_vote.aspx) to learn how you can register to vote.

**UNAUTHORIZED DISTRIBUTION OF COPYRIGHTED MATERIALS**

Carrington College strives to provide access to varied materials, services and equipment for students, faculty and staff and does not knowingly condone policies or practices that constitute an infringement of Federal copyright law. Transmitting or downloading any material that you do not have the right to make available and that infringes any patent, trademark, trade secret, copyright or other proprietary rights of any party is prohibited.

Installing or distributing pirated or unlicensed software is also forbidden. Violation of these requirements may subject students, faculty and staff to civil and criminal liabilities. Students, faculty or staff who violate federal copyright law do so at their own risk. Copyright status is applied to a work as soon as it is created. Users should assume that all writings and images are copyrighted.

Title 17 of the United States Code (17 USC §501 et seq.) outlines remedies for copyright infringement that may include some or all of the following: obtaining an injunction to stop the infringing activity; impounding and disposing of the infringing articles; an award to the copyright owner of actual damages and the profits of the infringer, or in the alternative, an award of statutory damages which may be increased if the infringement is found to be willful; an award of two times the amount of the license fee a copyright owner could have gotten; an award of the full costs incurred in bringing an infringement action, and the award of attorney’s fees; and for criminal copyright infringement, fines and imprisonment.

Carrington College maintains a campus network to support and enhance the academic and administrative needs of our students, faculty and staff. Carrington College is required by Federal Law – H.R. 4137 to make an annual disclosure informing students that illegal distribution of copyrighted materials may lead to civil and/or criminal penalties. Carrington College takes steps to detect and punish users who illegally distribute copyrighted materials.

Carrington College reserves the right to suspend or terminate network access to any campus user that violates this policy and Network access may be suspended if any use is impacting the operations of the network. Violations may be reported to appropriate authorities for criminal or civil prosecution. The existence and imposition of sanctions do not protect members of the campus community from any legal action by external entities.

**Alternatives to Illegal Downloading**

Illegal downloads hurt artists and deter the incentive to create. U.S. laws protect the rights of individuals regarding their own works. Below are lists of sites that offer free or inexpensive products that you can use without violating copyright law.
