** A student's location is defined as the primary physical location where the student intends to complete the majority of the work included in their program. A student's location is determined at the time of enrollment, though it can be changed over the course of their enrollment. Relocation to a state where Carrington College is not licensed can result in a student being terminated from their program.

PROGRAM CREDENTIALS AND PROFESSIONAL CERTIFICATION DISCLOSURE

Carrington College Online programs are not intended to result in a state-specific or national professional licensure, certification or registration that would be required to work in job types associated with each program. These job types, defined by the Department of Labor Standard Occupational Classification Codes (SOC Codes), are listed on the program description pages in the college catalog.

<https://docs.carrington.edu/catalog/carrington-college.pdf>

The programs do result in the following credentials and eligibility and/or preparation for the following Professional Certifications:

Associate Degree in Nursing - Associate (Science Emphasis)

Graduates earn an Associate of Science degree. Graduates are prepared to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN)*.

Dental Assisting – Certificate

Within the State of California, graduates are eligible to sit for the Registered Dental Assisting (RDA) exam offered by the Dental Board of California (DBC)* and apply to be a Registered Dental Assistant (RDA).

Dental Assisting - Associate (Science Emphasis)

Graduates earn an Associate of Science degree.

Dental Hygiene - Associate (Science Emphasis)

Graduates earn an Associate of Science degree. Graduates of the program are prepared to take the National Board Dental Hygiene Examination (NBDHE), as well as state or regional clinical licensing examinations*. Licensure qualifications vary by state. Information about licensure as a Dental Hygienist in the state of California can be found at: <https://www.dhbc.ca.gov/applicants/becomelicensed.shtml>

Diagnostic Medical Sonography - Associate

Graduates earn an Associate of Science degree. Students who successfully complete the Diagnostic Medical Sonography program are eligible to take the exams required to gain certification through the American Registry for Diagnostic Medical Sonography® (ARDMS). *

Graduates earn an Associate of Science degree. The program's combined academic and clinical training prepares students to take the National Council Licensure Examination for Practical Nurses (NCLEX-PN)*.

Vocational Nursing - Associate (Science Emphasis)

Graduates earn an Associate of Science degree.

*Carrington College prepares students to take appropriate certification and licensure exams related to their individual majors. The College does not guarantee students will successfully pass these exams or be certified or licensed as a result of completing the program. Also, while these credentials are intended to be portable nationwide and applicable to most employers, prospective students considering programs at Carrington College should research any local or employer-specific requirements for licensure, certification, or registration prior to enrollment.
