## Retention Rates

The retention rate cohort consists of first-time, full-time degree seeking students who began their program of study in Fall 2024 (August 1, 2024 – October 31, 2024) and are still enrolled or who have completed their studies as of the end of Fall 2025. The retention rates for first-time, full-time students for the Fall 2024 cohort by campus are provided in the table below. The institutional and campus retention rates were calculated using the IPEDS formula. If a Campus does not appear in the list below then there were no first-time, full-time entering students in Fall 2024.

Campus	Fall 2024 Cohort Enrollment	Still Enrolled/Completed	Retention Rate
0221800 (Boise & Reno)	95	71	75%
02100600 (Phoenix, Albuquerque, Las Vegas, Mesa & Tucson)	475	387	81%
03042500 (Portland & Spokane)	166	113	68%
00974800 (Sacramento, Citrus Heights, Ontario, Pleasant Hill, San Jose, San Leandro & Stockton)	344	252	73%
<b>Total</b>	<b>1080</b>	<b>823</b>	<b>76%</b>

\*Does not include students who left school to serve in the armed forces, on official church missions, or in the foreign service of the federal government. Deceased and permanently disabled students are also excluded.

When Sacramento Campus started offering Completer Bachelor's Degrees, it became a 4 year institution according to IPEDS. Thereafter, we did not report Sacramento retention rates to IPEDS because the starting cohort only includes FTFT Bachelor's degree students, and all bachelor's degree seekers are not considered First-time students. These numbers and rates are the campuses which fall under the Sacramento OPEID.
