

BACHELOR OF SCIENCE IN HEALTHCARE ADMINISTRATION

LEADERSHIP CONCENTRATION - ENTERING WITH AN ASSOCIATE DEGREE IN A HEALTHCARE RELATED FIELD

About This Program

The Bachelor of Science in Healthcare Administration (BSHCA) is designed to prepare students with the foundational skills and knowledge needed for healthcare administrators. This program version is intended to meet the needs of applicants who have completed previous education in a healthcare related field.

The leadership concentration offers students advanced courses focused on leadership and administration in healthcare.

The courses taken in the program will prepare students for entry to mid-level administrative positions in healthcare facilities. The program is delivered in an online format with different entry points ranging from no previous college credit to having earned an associate degree. Additional information can be found in the academic catalog.

BSHCA is a fully online program delivered virtually through Carrington College's learning management system which offers students flexibility in where and when they complete their course activities. Students are not required to attend any face-to-face on-campus learning experiences. All content, learning activities, and assessments are delivered online.

Program Learning Outcomes

Upon completion of the Bachelor of Science in Healthcare Administration program, graduates will be able to:

- Disseminate knowledge to a variety of healthcare professionals.
- Analyze complex scientific concepts to solve healthcare related problems.
- Demonstrate the knowledge and skills for leadership roles in healthcare organizations.
- Apply principles of science to enhance quality assurance for the healthcare team.
