

About This Program

Dental assistants perform a wide range of duties in dental care facilities from patient care to office tasks and laboratory procedures¹. Students become skillful at taking X-rays and impressions, as well as performing coronal polishing and assisting with an array of dental procedures.

Careers in Dental Assisting²

It takes a lot of different people to keep a dental office running smoothly. Dental Assistants are among the most crucial; their work ranges from patient care to office tasks and laboratory procedures. Their career path can lead to employment in a variety of health care environments such as:

- Dental offices
- Physician's offices
- Government

Knowledge and Skills

Upon completion of the Dental Assisting program, graduates will be able to:

- Complete all dental assisting duties competently for a broad scope of dental specialties in a professional setting.
- Utilize infection control and safe practice techniques in a variety of clinical settings.
- Establish optimum Radiation Health and Safety practices to ensure high quality diagnostic images.

General Education Coursework

Students in our certificate programs complete technical coursework and participate in a career development seminar.

Technical Coursework

The program covers patient preparation, charting, administrative duties, and office administrative functions. Students gain hands-on experience during lab class sessions and clinical experience.. Carrington College uses technologies and equipment to support the learning process such as: dental chairs, dental stools, x-ray machines, air-water syringe, stethoscope, training manikin, manual blood pressure machine, teeth models, dental materials and additional supplies.

Carrington College's academic catalog, available at carrington.edu/catalog, provides the most current and detailed program information, including admission and graduation requirements.

¹Individuals seeking to enter this career field may be subject to screenings such as, but not limited to, criminal background checks and drug/alcohol testing prior to externship, to attain occupational licensure/certification or employment, and throughout their careers.
