

About This Program

Veterinary assistants typically work under the supervision of a licensed veterinarian doing clinical work, such as performing various diagnostic tests and medical treatments. They also assist with dental care, prepare tissue samples and assist veterinarians in a variety of exams and procedures. Veterinary assistants work in all phases of animal care, including hospital sanitation and equipment maintenance, medical and surgical assisting, laboratory diagnostics, and office administration. Employment opportunities include positions in veterinary clinics or hospitals.

Careers in Veterinary Assisting

Employment positions determined to be in field, to calculate the graduate employment rates required by the State of California, for graduates of the Veterinary Assisting program are: Veterinary Assistants and Laboratory Animal Caretakers (31-9096.00), Office Clerks, General (in a medical/veterinary setting) (43-9061.00, and Medical Secretaries and Administrative Assistants (in a medical/veterinary setting) (43-6013.00).

More information on these careers may be found at onetonline.org/crosswalk/ using the career title or the Standard Occupational Classification (SOC) number.

Knowledge and Skills

Upon completion of the Veterinary Assisting program, graduates will be able to:

- Complete appropriate veterinary assisting procedures related to animal husbandry, diagnostics, equipment maintenance and client care in a variety of settings
- Apply basic knowledge of animal anatomy and physiology of multiple species in relation to animal care
- Maintain a professional and safe work environment

Technical Coursework

The curriculum, which is delivered in a blended format, provides students with education in the clinical, laboratory, and administrative duties of a veterinary assistant. Courses cover animal anatomy and physiology, nursing skills, animal surgical assisting, pharmaceutical chemistry and application, animal restraint and patient services, and front office skills, such as computer basics, telephone communication requirements, and appointment scheduling. The program includes an externship that allows students to practice skills in an actual veterinary healthcare setting.

Carrington College's academic catalog, available at carrington.edu/catalog, provides the most current and detailed program information, including admission and graduation requirements.

The program
culminates in
a Certificate of
Achievement.

Blended: Mesa, Phoenix Education Center, Portland, Spokane, and Tucson
